- Git

Soft skills

- Attentive to details
- Quick learner
- Responsible
- Team player
- Good communication skills
- Result oriented

SUMMARY STATEMENT

I have been working as a mechanical design engineer for 8 years, where last year I worked as a senior design engineer. I was involved in various projects for the design and production of industrial pumps. I was not able only to obtain a technical experience but also to communicate and build relationships with teams from different departments.

I have successfully completed several Quality Assurance courses where I gained theoretical and practical knowledge. Such as writing test cases and bug reports etc. I also constantly practice and improve my English.

EDUCATION

Degree Obtained: Degree in engineering science

Sumy State University – Sumy, Ukraine

Certification or Additional Training: Quality Assurance

- EasyIT Quality Assurance
